Accident / Illness – Please be advised that the Crawford County Career & Technical Center (Crawford Tech) employs a Health Technician. The Health Technician will attend to minor injuries and illnesses. Parents will be contacted prior to a child being dismissed due to illness. In the event of an emergency, Crawford Tech staff will contact 911. At the same time, a parent or guardian will be contacted. In the event of a serious medical emergency, if the parent cannot be contacted, the student will be transported to the Meadville Medical Center for evaluation and treatment. Crawford Tech does not carry any medical or accident insurance for its students; parents will be responsible for all costs associated with medical treatment. Supplemental accident insurance is available at your son or daughter's sending school. All career & technical students will receive proper training in general safety and the operation of power equipment used in their field of study. However, even with appropriate supervision and training, accidents may occur. Your signature states that you recognize the potential dangers associated with the lab work and/or field work that are essential in your child's technical training.

(Relationship to Student)

**Computer / Internet User Agreement** –Your signature indicates that you have read and agree to abide by Crawford Tech's Computer and Network User Agreement as written in the Student Handbook. Should your child commit any violation, their access privileges may be revoked, school disciplinary action may be taken, and/or appropriate legal action.

**Photo Release** – Your permission is requested to have your child photographed for use in promotional materials, such as the school's website, yearbook and posters. Your signature indicates that you have read and agree to Crawford Tech's Photo Release as written in the Student Handbook.

Please list a valid e-mail address, as this is the preferred method of contact when your child is absent. If at any time during the school year the above information changes, a new emergency card will need to be completed and returned to Crawford Tech's Main Office.

I certify that I have read and agree to all of the conditions stated in the above policy; have provided correct information; and I have reviewed the Crawford County Career & Technical Center's Student Handbook and am familiar with its policy and procedures. In the event the above persons cannot be reached in an emergency, I hereby give permission to any licensed physician to take care of my child.
