Dear Parents, Guardians, Teachers, Staff and Crawford Tech Family:

When Crawford Tech first became aware of potential exposure to asbestos due to remedial work being completed on the former Integrity Auto building, it pledged to continue to provide information as it becomes available. With that pledge in mind, we are sharing the following update.

On May 20, 2026, Crawford Tech received a Notice of Violation from the Pennsylvania Department of Environmental Protection ("DEP") related to the former Integrity Auto building. This Notice of Violation is a public document, and a copy will be available for your review on Crawford Tech's website, posted contemporaneously with this correspondence.

Please note that a majority of these violations have been addressed due to the swift, comprehensive abatement efforts undertaken by Crawford Tech since it was first alerted to the concerns regarding the former Integrity Auto building around February 20, 2026. These efforts were detailed in Crawford Tech's correspondence dated March 9, 2026.

Crawford Tech will submit a formal response to the DEP within the fifteen (15) day timeline required by the Notice of Violation, detailing the significant corrective action taken by Crawford Tech since February 20, 2026. A copy of Crawford Tech's formal response will be provided once it is submitted.

As always, we continue to make safety, as well as education, our top priority. We appreciate your continued support of Crawford Tech's mission, including its students and staff. In the meantime, if you have any questions, please call me at (814) 724-6024 ext. 200.

Sincerely,

A handwritten signature in blue ink that reads 'Kevin L. Sprong'. The signature is fluid and cursive, with the first name 'Kevin' and last name 'Sprong' clearly legible.
