

OFFICE OF THE DIRECTOR

November 3, 2020

Dear Crawford County Career & Technical Center Staff and Families:

I know it has been a challenging start to the school year as we try to navigate school and life through a global pandemic. I'm proud the vast majority of us have met the challenge and are following the guidelines of wearing face masks faithfully, as well as, socially distancing.

The Pennsylvania Department of Health and the Pennsylvania Department of Education met with me and all three Superintendents in the county on Monday, November 2nd. We were all informed Crawford County has now been revised from "moderate" to "substantial" in terms of our spread of COVID-19.

As case counts in Crawford County continue to rise, the county Superintendents and I have concluded it is in the best interest at this time to switch to a hybrid method of instruction. The upcoming travel season for the holidays, the fact more people will be inside due to the colder weather, students returning from college, and the cold and flu season, has caused us to think about taking a proactive stance to the mitigation of COVID-19.

Our goal is to move to an ABABC hybrid model starting Monday, November 9, 2020 through Friday, January 8, 2021. We will be watching the data very carefully during this time and anticipate students returning to full in-person instruction on Monday, January 11, 2021.

Because we are making this move proactively, we feel this will allow the CCCTC and the districts to remain open for a longer period of time during the 2020-2021 school year.

Crawford County Career and Technical Center (CCCTC) students may attend the CCCTC on both "A" and "B" days (Monday through Thursday), but only attend his or her high school on the designated A or B day as stated below. "C" days (Fridays) all students will learn virtually.

Please direct questions concerning transportation to sending school Administration.

For the sending schools, our students will follow this schedule:

On "A" days (Monday and Wednesday) students will be divided according to their building cohort and will report to school for in-person learning. Virtual learning will occur on "B" days.

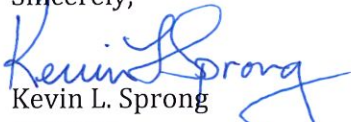

On "B" days (Tuesday and Thursday) students will be divided according to their building cohort and will report to school for in-person learning. Virtual learning will occur on "A" days.

On "C" days (Friday) all students will learn virtually.

This information is subject to change based on directives, mandates and guidance from various state and federal departments, agencies and offices.

If you have questions or concerns as it relates to our schedule please contact the building Administration to discuss them.

Sincerely,

Kevin L. Sprong

Director

Crawford County Career and Technical Center
