RE: Crawford County Career and Technical Center Carpentry Program Closure

The CCCTC has performed an informal review of potential close contacts involving two (2) positive student cases. School staff are working to case investigate, contact trace and notify the impacted families. At this time there are no close contacts to record.

A Carpentry Program closure is necessary. The Carpentry Program at the CCCTC is closed until February 16, 2021. All Carpentry students should participate in virtual learning and log into Office 365 TEAMS daily. The Carpentry Program is closed to all nonessential personnel, students and visitors.

As always, all families should closely monitor students for signs and symptoms of COVID-19. Symptoms of Covid-19 may include fever or chills, cough, sore throat, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, or new loss of taste or smell. We strongly recommend that parents contact health care professionals if demonstrating any of the signs or symptoms outlined above.

Students and staff that are sick, ill or unwell must stay home from school.

Thank you,

Kevin L. Sprong
Director
